CATALOGUE AND REVISED PRICE LIST OF THE

Waddell Manufacturing Co.

WE have endeavored to illustrate in this catalogue the many lines of manufactured ornamentation which we make. Should you fail to find anything suitable for your purpose, write us giving size of space and for what purpose wanted and we will submit a special design with cost of same. We make but a very small charge for making these special designs, barely the cost of same to us. By taking advantage of this plan, you will get something ornamental to suit the place you wish to ornament. We employ a number of skilled designers and we feel confident that we can furnish to the trade up-to-date work.

Hand Carving.—We wish to call the attention of the trade to the beautiful line of hand carved work, that we have turned out in the past and as we employ none but strictly first-class artists in the hand carving department, we can work to the Architect's Specifications and detail and produce work with the proper spirit and finish that this class of work requires.

Our Embossed Mouldings are superior to anything in the market. The trade knows our machine carving so well that we fully guarantee everything we make to be superior in finish and made of the best kiln dried wood that can be bought. Carving we enlarge from photograph or sketch and make any thickness wanted at corresponding rates.

Our Terms are net cash. Please remit by bank draft. We cannot accept personal checks upon which we have to pay exchange. Parties without commercial rating and not known to us will save time by remitting with order or if desirable to have goods shipped C.O.D. send \$2, or enough to guarantee express charges.

NOTE.—We make no charges for cases or cartage, all goods F. O. B. Grand Rapids, Mich.
